

School Bands to Compete Before Homecoming Contest

Maryville residents and SC students who love a pre-homecoming treat Saturday. The parade will march through downtown Maryville in the morning. Area high school bands will present performances all afternoon at Rickenbacker Athletic Field at the first Northwest Missouri State College Band Day.

Standing bands from this year along with the 1965 winning homecoming bands, will be invited to return Nov. 5 for SC's Homecoming Parade and football game. Tomorrow's parade, which will start at 10:30 a. m., will originate at the college campus and go through downtown Maryville. It will consist only of marching units. Performing units will not compete during this

competition for 7-minute all-type shows will be held at the football stadium at 1 p. m. Each marching band will be judged on its marching as well as its playing and will be awarded a 1st, 2nd, 3rd, or 4th place rating. The best band in each class will receive a trophy, according to Ward Rounds, NWSM's band director.

28 participating bands have been divided into four classes. Class C bands, from schools with 125 pupils, performing first. Class B bands, 250 to 399 students, will perform at 3:15 p. m. Class D bands, 124 pupils or less, at 3:30 p. m.; and Class A bands, more than 400 students in school, at 4:15 p. m.

In their order of performance are, Class C, Albia, Iowa; College Springs, Iowa; Fort, Gower, Grant City, Iowa; Kearney, King City, Iowa; Mound City, Nodaway, North Platte, Oregon; Tabor, Iowa; and West Nodaway. Class B bands are Afton, Bedford, Iowa; Class A, Clarinda, Park Hill, and Shenandoah, Iowa.

Mr. Rounds Attends National Meeting

Chairman of the National School Oratorical Contest, F. Miller, dean of NWSM, attended a conference in Indianapolis last weekend. There, Dean Miller, wife and two daughters, spent their short vacation in Indiana and Ken-

Ed Lakin, Phillip Posey, and Ralph Chatelain, area musicians. Mr. Rounds, Everett W. Brown, college field service director, and the Maryville Chamber of Commerce have planned the Band Day program.

One of the chief purposes of Band Day is to allow for shortening of the Homecoming Parade, which many feel has become too long in recent years. Band Day will challenge bands to vie for the honor of appearing in the annual Homecoming. Shortening of the parade will also allow time for more alumni meetings than have been held in past years.

Mr. and Mrs. Ward Rounds To Give First of Recitals

Mr. and Mrs. Ward Rounds will present the first in a series of faculty recitals at 8 p. m. Wednesday in the Charles Johnson Theater of the Olive DeLuce Fine Arts Building.

Mrs. Rounds will play such piano selections as "Chromatic Fantasy and Fugue" by Bach, "Scherzo, Op. 20" by Chopin, and "3 Divertimenti" by Phillips.

Using B flat and C trumpets,

Mr. Rounds will play "Golden Concerto" by Nelhybel and "Intrada" by Honegger. Together, Mr. and Mrs. Rounds will perform "Sonata for Trumpet and Piano" by Stevens.

Mrs. Rounds, in her first year in the Division of Music at NWSM, received a Bachelor of Music degree from Morning-side Conservatory of Music, Sioux City, Iowa, and a Master of Music degree from Eastman

Committee Chairmen Announce Homecoming Schedule of Events

Homecoming Committee Coordinates Plans

Completing plans for Homecoming, Nov. 4-5, are Donald Robertson, Department of Fine Arts; Kerry Lafferty, Department of Speech and Drama; Dianna Brown, senior; Dr. LeRoy Crist, Department of Industrial Arts, and Jerry Newman, senior, members of the planning committee.

Plans for "The World of Song," 1966 Homecoming are falling into place as Nov. 4 and 5 draw nearer.

The Homecoming committee, under the direction of co-chairmen Diana Brown and Jerry Newman and Dr. LeRoy Crist, adviser, has announced the schedule for all events.

Band Day will be held tomorrow for the selection of top area bands to march in the parade. Director Ward Rounds is in charge of arrangements for Band Day.

Monday, Oct. 10, is the deadline for organizations to submit their float and house decoration plans. These plans should be submitted to Donald Robertson at the Olive DeLuce Fine Arts Building. At 4 p. m. Monday in Room 207 of the Administration Building, judges will be selected. Any organization having an entry in Homecoming may send a representative to this meeting.

The Homecoming committee will meet at 4 p. m. Tuesday in Room 201 of the Industrial Arts building. All interested organizations are urged to send a representative.

Preliminary judging of the Variety Show will be Wednesday and Thursday, Oct. 19 and 20.

School of Music, Rochester, N. Y., where she did undergraduate work under the direction of James Reistrup and graduate studies with George McNabb. Before coming to NWSM, Mrs. Rounds taught at Western Illinois State College, McComb and Nebraska State College, Chadron.

Now in his seventh year at NWSM, Mr. Rounds received a Bachelor of Science degree in music at the University of Nebraska, Lincoln, and a Master of Arts degree from Columbia University, New York. He has done further graduate study at the University of Nebraska, Columbia University, University of California at Los Angeles, Calif., and the Eastman School.

The joint recital is open to the public.

Judging of the queen candidates will be held in the afternoon and evening on Nov. 2. Election of the queen will be Nov. 3. The variety show will be held at 7 p. m. Nov. 3.

Nov. 4 at 6 p. m., an all-alumni banquet will be held in the new dining hall. The variety show will be given at 8:15 p. m.

Saturday, Nov. 5, Homecoming activities will come to a climax. The parade is scheduled for 10 a. m. with class reunion banquets at 12 noon. At 2 p. m. the Bearcats will meet Warrensburg for a major event of Homecoming. Saturday night starting at 9 p. m. students will dance to music of Billy May and his orchestra in Lamkin Gymnasium.

Everyone on campus is urged to participate in and attend Homecoming. Any individuals or groups interested in entering numbers to be presented between skits in the variety show should contact Kerry Lafferty in the Speech Department or Jo Ann Montgomery, Perrin Hall.

Queen rules are given on the editorial page. For further rules concerning Homecoming, students should contact Dr. Crist, Dianna Brown, or Jerry Newman.

Students Invited To Audit for TV

Students at NWSM have been invited to participate in auditions for an hour-long, on-location television show being produced by Corinthian Special Productions, for an all-State television broadcast this fall.

Under the sponsorship of Southwestern Bell Telephone Co., the program will be an entertainment program, showcasing variety talent in the performing arts.

Auditions for the show are being held at 2 p. m. today in the Horace Mann School Auditorium. Jon Stainbrook is directing auditions.

Students wishing to participate should notify Jack Gray Jr. in the Field Service Office.

New Librarians Join Staff to Serve Students, Faculty at Northwest State

James Johnson, chairman of the Department of Library Science, discusses work procedures with newcomers to his staff, Mrs. Judy Wilson, seated; Mrs. Janice Gawtry, Mrs. Karen Wagner, and Mrs. Ruth Killingsworth, standing.

Five new members have been added this fall to the Wells Library staff, according to James Johnson, chairman of the Department of Library Science.

Mrs. Ruth Killingsworth is the new reference librarian. Before coming to Northwest Missouri State College, she taught at public schools in Alaska, Oklahoma, and Missouri. Mrs. Killingsworth did her undergraduate work at Southwest Missouri State College at Springfield, where she received a bachelor of science degree in education. She got her master's degree in teaching at Northeast State College in Tahlequah, Ok., where she was also the assistant librarian.

Mrs. Killingsworth also obtained her master's degree in library science from the Uni-

versity of Oklahoma. Besides her duties as reference librarian, she will also teach a library reference course.

In charge of the textbook room is Mrs. Judy Wilson from Schaller, Iowa. She received her bachelor of arts degree from Buena Vista College at Storm Lake, Iowa.

Mrs. Janice Gawtry purchases books for the library. She is from Minnesota, where she received her bachelor of arts degree from St. Olaf College. Mrs. Gawtry did her graduate work at the University of North Dakota.

There are two new staff members in the Instructional Materials Bureau, Richard Houston and Mrs. Karen Wagner. Mr. Houston is the assistant to the director of IMB. In

New Staff Conference

his job he is supervisor of the student projection corps. Mrs. Wagner is the new secretary to the director of the IMB, Luke Boone.

Dr. Fulsom Announces Cast For 'Our Town' Production

Dr. Ralph Fulsom, chairman of the Speech and Drama Department, has announced the cast for "Our Town," Pulitzer Prize winning play by Thornton Wilder, which will open the 1966-67 drama production season.

David Shestak will greet audiences in the role of the philosophizing Stage Manager and narrator of the action in this comedy-drama which will be presented on Nov. 9, 10, and 11 in the College Auditorium.

Set in a small town in New Hampshire at the turn of the century, "Our Town" deals simply with the great adventures in life from birth to marriage and finally to the graveyard at the top of the hill. Though the town itself is truly the hero of the play, most of the action centers around two of the town's representative families, the Gibbs and the

Webbs.

Tom O'Connor will play Dr. Gibbs, the town physician, and Richard Heinz will have the role of Mr. Webb, the editor of the local paper. Marcia Hensleigh will be seen as Mrs. Gibbs and Anne Martin Nielsen will play Mrs. Webb.

Tom LaVille will portray a ball player in Grover's Corners, and Margaret Price will play Emily Webb, the brightest girl in school and the girl George marries.

"Our Town" calls for a company of approximately 50 players. Other roles have been assigned to Ken Duff as Howie Newsome, John Hoffman as Professor Willard, Joe Maltsberger as Simon Stimson, Mike Overbey as Constable Warren, Marilee Crockett as Rebecca Gibbs, Diane Jansen as Mrs. Soames, Henry Lemire as Joe Crowell, and Danny Robertson as Wally Webb.

Erganian, Other Leaders Attend KCRCHE Conference

Ten student representatives from NWMSC and Dean Charles E. Koerble attended the Kansas City Regional Council for Higher Education at Camp Windermere near Camdenton, Mo., last weekend.

The student conference was held so that group leaders from campuses could meet together to discuss ways for better student body participation in social activities, academic pursuits, and publications on the campus.

Those representing NWMSC at the weekend conference were Nick Erganian, student body president, Joe Logan, Bob Foster Jr., Dan John, Rolie Stadlman, Rose Anne Bartlett, Gayle Bradfield, Beverly Beeks, Judy Peters, and Nancy Boyd.

Dr. Koerble was a member of the steering committee that originated the conference. He also took part in a panel discussion on "Higher Education."

The conference opened with a speech and discussion on "The Growing Edge of Student Participation" by Dr. Joseph Kauffman, dean of students, University of Wisconsin. The delegates divided into discussion groups to delve into individual campus problems.

The conference's intent is to build better campus leaders out of those attending and to give them ideas of student body organization to take back.

Nick Erganian participated in an informal debate on "Academic Freedom" with a group of students from another college. One special angle of the debate concerned whether student has the right to stand up for what he believes in a classroom if he is in disagreement with an instructor.

Other discussion topics at the conference were "Student-Faculty Relationships," "Student Press," "Student Judicial Bodies," and "Participatory Campus."

WANTED

Information pertaining to a tan leather cowhide coat referred to as a Rancher.

This coat is size 38, has a pile interior, black snap and the name Don Andrews written on a leather patch inside. It was taken at a dance in Lamkin Gym on night of Sept. 30. A reward is offered for any information leading to the return of this coat.

Contact Don Andrews, Phillips Hall.

Time & Gift

Weddings and Engagements

Melinda Gail Bauman, Joseph, became the bride of F. Albin, Independent, Sept. 10 at St. Benedict's in Atchison, Kan.

are seniors at NWMSC. Albin is affiliated with a sorority, and Mr. Albin member of Phi Sigma Epsilon fraternity.

Announcement has been of the engagement of Sue Brooner, to Roland Hayden, Maryville. Misser is a senior majoring elementary education. Mr. en is a truck driver for lines, Marshalltown, Iowa.

engagement of Miss Jeanine Downing, Rush, to Airman 3rd Class Dewey Baublit, St. Jo has been announced.

s Downing is a freshman NWMSC, and Airman Baublit stationed at the Shepherd force base in Wichita Falls,

s Judy Ann Kerns, Hem became the bride of Ronay Fields, Conrad, Iowa, 12 at the Hemple Community Church. Mrs. Fields is student at NWMSC. Mr. a graduate of NWMSC, ching in the Stanberry system.

Theresa Riley and Rich McGinnis, both of Mary were married Sept. 5 at Gregory's Church, Mary. Both are students at SC.

engagement of Miss Jean Halter, St. Joseph man Francis Gable, also Joseph, has been announced. Miss Halter is a sophomore at NWMSC, and Mr. is presently serving the army at New Ulm, any.

engagement of Cindy, West Des Moines, Ia., Walker, Van Meter, Ia., been announced. Miss Miljunior, is a member of Zeta sorority. Mr. Walker member of Delta Sigmaaternity.

ouncement has been of the engagement of Carol Lynn Gregory,

Maryville, to Robert L. Schmidt, Columbia.

Miss Gregory, a senior majoring in vocational home economics, is affiliated with Alpha Sigma Alpha sorority. Mr. Schmidt attended NWMSC and was a member of the Phi Sigma Epsilon fraternity. A graduate of the University of Missouri. Mr. Schmidt is presently working toward a master's degree in diplomatic history.

Miss Judy Veylupek, Maryville, and David Taylor, Maitland, were united in marriage Aug. 14 in the Maryville Methodist Church.

Mrs. Taylor, a graduate of NWMSC, is employed as a supervisor of teaching machines in the Ralls County school system. Mr. Taylor is also a graduate of NWMSC and teaches instrumental music in the same system.

Majorettes to Add Sparkle To Half-Time Gridiron Show

Drum majorettes will be featured in a special performance during tomorrow evening's half-time marching show at the NWMSC - Fort Hays, Kansas, State, football game while the band stands at attention in a concert formation.

The twirlers are Gloria Kachulis, sophomore, Council Bluffs, Iowa; Rita Sharp, senior, Mound City; Mary Keiser, freshman, North Kansas City, and Linda Tatman, sophomore, Platte City.

Miss Kachulis, head majorette, began twirling lessons when she was 12. Last summer she studied with the national baton twirling champion Mary Ann Burke, Waterloo, Iowa, and other instructors. The star twirler was a guest for the Bill Riley Show and other Iowa talent contests last summer.

An instructor herself, Miss Kachulis is working for a judging certificate, awarded by the National Baton Twirling Association. Besides instructing and performing, she has been clerking at twirling contests in Iowa and Nebraska to receive enough hours of work to fulfill the national association's re-

'Faust' Scheduled As October Event

A lyric opera, "Faust," will be presented Oct. 17 on campus by the Distinguished Lecturer and Performing Arts Club, according to Dr. Donald Smith, chairman.

Tickets will be available without charge to college students with identification cards. Admission is \$1.50 per person to the general public.

Tickets may be obtained Oct. 10 and 11 in the student union director's office.

This presentation, however, is not union board sponsored.

Deferment Test Applications To be Returned by Oct. 21

Students who desire to take the Selective Service test should return applications to the Dean of Students office by Oct. 21, according to Dr. Charles Koerble, dean of students.

The applications may be obtained in the Dean of Student's office.

Student Work Is Exhibited At Olive De Luce Building

Light and Color Variation

Charles Corey Carr found inspiration from the College pond for his experiment with water color painting.

Currently on display in the halls of the Olive DeLuce Fine Arts Building is an exhibition of students' paintings.

Included are water colors and oil paintings done by the students from the individual problems in painting and the advanced individual problems in painting classes.

Each student in the class was given the opportunity to work in whatever medium he chose and to work out individually any problem he might have in painting under the supervision of Mrs. Virginia Hillix. Several students chose to do series of paintings on a single theme, developing both techniques and ideas.

Charles Corey Carr did part of his paintings from the shore of the college pond, attempting to catch the shimmering of

light and color reflected in the water at different times of the day and evening. He got his idea for this painting from his observation of the ocean, which is near his home in California. Four of his water colors are included in the exhibition.

Kerry Honey and Theresa Arms worked on a series of oil paintings using a large still-life featuring an antique wicker rocker. Although they used the same subjects, the paintings are quite unique. There are other interesting paintings included in the show.

During the summer session, the students in these classes were allowed to paint inside or outside.

The display will remain in the corridor for an indefinite length of time.

NEWS FROM DuBarry!
Vanishes blemishes out of sight...gives you an **ALL CLEAR*** looking complexion... in minutes!

All Clear Medicated Make-up
In fashion's new matte finish, vanishes blemishes out of sight instantly. Containing DuBarry's own medication, Bionol™, it helps heal as it conceals. Four shades, \$1.50 plus tax.

All Clear Medicated Compressed Powder
For medicated touch-ups throughout the day. Every fluff of flattery helps protect your skin from bacteria. Four shades, \$1.75. Refills \$1.35. Prices plus tax.

Houghton's NODAWAY DRUG

Florsheim is first again to turn a great idea into great shoes—bold brogue styling plus soft, supple comfort! Using special premium leathers, Florsheim makes them flexible and long wearing, too!

Brown's
SHOE FIT COMPANY

Who Has Most Pep?

Bearcat yell leaders Elaine Sherman and Pat Noah, front row, and Kathryn Seabaugh, Cheri Jordan, Dotty Wilson, and Linda Snell will present a "spirit trophy" to the organization which shows the most enthusiasm at football games this fall.

Cheerleaders to Present Traveling 'Spirit Trophy'

To ignite school spirit and promote greater participation by NWMSC fans are primary goals of this year's Bearcat cheerleaders as they sponsor a "Spirit Trophy," present new routines, and plan for Homecoming festivities.

Led by co-head cheerleaders, seniors, Elaine Sherman, Maryville, and Pat Noah, Rock Port, the squad recently placed third among top-rated groups at the annual National Cheerleader's Association Clinic held on the Southern Methodist University campus, Dallas, Tex. At the clinic the cheerleaders competed against 35 college and university teams and were defeated only by those from the University of Arizona and Rice University.

The third place finish marked the first time in three years of participation that a Bearcat cheerleading team had placed in the national competition. Other varsity cheerleaders are Dottie Wilson and Cheri Wilson, sophomores, Chillicothe; Linda Snell, sophomore, North Kansas City, and Kathy Seabaugh, junior, Savannah.

Inspired by ideas suggested at the clinic, the cheerleaders

have decided to present a traveling "Spirit Trophy" to the organization showing the greatest enthusiasm and participation at football and basketball games. The trophy will be awarded twice a year at the end of each respective season. If an organ-

Open Hours Reported For Gymnasium, Pool

Open hours for Lamkin Gymnasium and the swimming pool in Martindale Gymnasium for the school year have been announced by the physical education staff.

Lamkin Gym will be open from 6:30-9:30 Monday through Saturday nights and from 1 to 5 o'clock on Saturday afternoons. All students may use the weight room, handball court, indoor track, basketball court, table tennis, and locker facilities during the open hours. Equipment needed for these activities may be checked out by any student who presents his I. D. card.

Co-educational swimming will be supervised Monday and Wednesday nights from 7 to 9 o'clock.

ization wins the trophy three times consecutively, it will be the group's permanent possession.

Judges for the contest will be the cheerleaders, who will post a running score in the Den after each game. In addition to general participation and enthusiasm, consideration will be given to such activities as co-operating with cheerleaders, wearing the "Bobby Bearcat" costume, and being stunt men at the Homecoming game.

Any male student who has acrobatic ability and who wishes to be a stunt man should contact either Miss Sherman or Miss Noah. The ones selected will work with the cheerleaders to present unique cheers and routines at the Homecoming games.

Miss Bonnie Magill, chairman of the Department of Women's Physical Education, sponsors the cheerleaders' activities.

New Carpets, Drapes Adorn Horace Mann

Attracting much attention is the new carpeting in the primary department, nursery and the elementary library at Horace Mann.

It is a part of a color coordinate project whereby all the draperies, carpeting, and furniture will eventually match color schemes. New draperies have already been added to the nursery library.

"All new furniture is on delivery," stated Dr. Donald Armstrong. "It also includes tri-zoid tables, individual laboratories used to study."

Horace Mann recently added 2,000 books to give their library an excess of 8,000 books, plus 1,000 slides, 1,300 films, 400 records, 75 tapes, and 60 periodicals covering every field of interest.

Dr. Bennat Mullen Discusses Services Of Laboratory Center

Services offered to educators by the Mid-Continent Regional Educational Laboratory center were discussed by Dr. Bennat C. Mullen, director, at the Monday night meeting of the AAUP Chapter.

Areas of concentration at present are improvement of reading programs, training of student teachers, development and testing of new ideas, and educational help for the disadvantaged child, Mr. Mullen said. At present conferences to determine needs are being set up with master teachers in four academic areas — mathematics, science, communication skills, and social sciences.

"We will rely heavily on the staff of Northwest Missouri State College to do research and to help close the gap between educational possibilities and actual practices," Mr. Mullen said. "We hope to keep local control intact. If an instructor has a topic he wants to research, our staff will confer on needs in their respective fields of study."

In each area under study, 15 researchers, five each from college, high school, and elementary school, will confer on needs in their respective fields of study.

Luke Boone, president, presided at the dinner meeting, which was attended by more than 60 members of the faculty. George Hinshaw, program chairman, introduced the speaker.

Mrs. Martha Dunn and Mrs. Dorothy Walker were co-chairmen of arrangements for the covered-dish supper, given in honor of new members of the faculty.

The next meeting will be Nov. 17. All members of the teaching staff are eligible to become members of AAUP.

Chemistry Instructor Attends Society Meet

Dr. Harlan K. Higginbotham, chemistry instructor, who attended the one-week American Chemistry Society Association in New York City early in September, has reported data revealed about graduate study.

Dr. Higginbotham attended a symposium on master's degrees in non-doctorate granting institutions. Speakers at the symposium think a master's degree is necessary and that there is a place for a chemistry master's degree in industry and in educational institutions.

The symposium was opposed to giving a non-research degree. Members felt that a minimum of one year should be spent on research. Statistics show that a large number of those with master's degrees in chemistry go on for their PhD's in chemistry.

Dr. Higginbotham agrees with the panel but said that "institutions should be very careful to plan a rigorous program which doesn't degrade the degree. A master's program should include meritable advanced training," he added.

This semester Dr. Higginbotham is teaching analytic and general chemistry. He received his doctorate at Iowa State University.

Alumni Report

Dr. Mildred Sandison Fernald, class of '31, is editor of *Journal of the National Education Association*.

Mrs. Eileen (Marrs) Adams, '58, a teacher in the Denver, Colo., Public Schools, is one of two teachers chosen to do a pilot study on educational problems of children with minimal brain dysfunction in cooperation with Children's Hospital.

Dr. Sam McNaughton, has been appointed to the faculty of the department of bacteriology and botany at Syracuse University, N. Y. He has been completing postdoctoral studies at Stanford University.

Marge Bowers, '63, who earned a master's degree in social work at the University of Missouri in 1965, is now a psychiatric social worker at St. Joseph Hospital No. 2, St. Joseph.

Bob McCoy, '64, coached Warrensburg State swim team to an undefeated 16-0 record. His team competed against Northwest Missouri State team. He was given an appreciation award by the Quarterback Club of Warrensburg.

Women Instructors Attend Area Meet

Several NWMSC faculty members are attending a meeting of the Central Association for College Women Physical Education this weekend at Excelsior Springs.

Miss Bonnie Magill, president and chairman of the committee on nominations, Mrs. Dorothy Walker, chairman of the committee on isolation, attended the board directors meeting Thursday. Dr. Kathryn Riddle, Barbara Bernard, Mrs. Brekke, Miss Jean Lovelace, and Miss Lois Loveland, of the NWMSC Department of Physical Education for Women, are attending the conference today.

Jack Dunsing, Ph. D., coordinator of research and search projects in the special education section, Purdue University, and W. R. Henry, D., central zone chairman of the section on children's and guidance of the Optometric Extension Program, are speakers.

Dr. Barbara Godfrey, University of Missouri, will give a panel discussion by Bengston, Bemidji State College; Jeralyn Plack, University of Minnesota, and Margaret Schadler, University of Colorado. They will discuss "Implications for Physical Education."

CTA Delegates Named For MSTTA Meeting

Delegates elected to represent the NWMSC Community Teachers Association at MSTTA Convention in Kansas City Nov. 2-4 are Pres. Robert P. Foster, Donald Robertson, CTA president, Bonnie Magill, Luke Bowers, and H. R. Dieterich.

Other officers of the CTA are Miss Laura F. Jackson, president; Mrs. Dorothy Walker, secretary; and Bill Bowers, treasurer.

HEY, STUDENTS

missile-powers your car

DX BORON.

LUBRICATING GASOLINE

let us fill your tank now!

PHARES OIL CO.

413 North Main 582-5101

Anxiously awaiting the arrival of their new professors early in the morning, their hands begin to shake. Scurrying to take good lecture notes they

try to do their best. Having outlined the entire chapter, success is their over-all objective. Walking to their new residence hall late in the afternoon, they are full of confused, bewildered thoughts about new concepts and ideas. The majority of their hearts ache for a letter from home.

They TRY to adjust to their new transition — but homesickness still lingers. Because they know determination must prevail, late every evening the lights burn brightly in their new Missouri "homes."

What keeps the new frosh trudging upward, onward, and forever forward? Is it success? No — the aroma of Thanksgiving turkey, only fifty-four days away!

—Patty Payne

Laboratory Started For Social Sciences

The word "laboratory" usually brings to mind pictures of test tubes, chemicals with exotic sounding names, and the development of such benefits to mankind as the atomic bicycle pump.

But, during the past few years, the laboratory has been used in other fields, including the wide open field of social science. The idea for a social science laboratory is not a new one, but funds have always been lacking. This year, however, NWMSC received a grant under Titles 6 and 11 of the National Defense Education Act under the provision that a summer history institute would be created.

Still comparatively in its infancy, the laboratory will eventually house an extensive library of historical literature, films and projectors, records and phonographs, tapes and recorders, transparencies, and copying machines, as well as booths for previewing films, records, and tapes.

The laboratory is specifically designed for the future teacher of the social sciences, providing a place for him to master subject matter, learn new techniques, and keep informed on new materials.

According to Dr. John L. Harr, chairman of the Social Science Department, the laboratory is not competitive with the Library or the IMB, but it does provide an excellent complement for those facilities.

Ambassador Represents NWMSC In Experiment Program in Mexico

Offering their hospitality to an Experimenter in International Living, the Manon family of Queretaro, Mexico welcomed Mary Potter, NWMSC student, into their home this summer. The Manon family includes Olga, Mrs. Manon Neto, Mary, and Mr. Manon.

Mary Potter's Second Family

Editor's Note: Last week's *Missourian* carried a report by NWMSC's Experiment visitor to Canada, Nancy Boyd.

Dear *Missourian* Readers:

My experiment in international living in Mexico this summer has left me with countless memories of exciting excursions, frustrating moments, and impossible situations. I have gained new concepts, ideas, and an understanding about the people of Mexico and their country.

Our group couldn't have had more successful homestays. Each family seemed exactly suited to each girl's personality. My family was small. It consisted of my parents; my younger sister, Olga, who was 13; and Neto, my 11-year-old brother. Each family had agreed to take an experimenter into his home for a month. They were not paid for their hospitality, but rather took us out of their cooperation to further the Experiment's goals.

My father is the over-all manager of a new housing fraction, and so we lived in a new residential section which wasn't typical of the architecture of the older homes in Mexico. Most houses represent architecture which dates back to the colonial period. It looks like a facade lining the streets.

Now all the doors are old and weathered, but they open into elegant homes with rooms that are situated around a central courtyard. This method of construction represents an old idea that only a person's friends who entered his home knew what it was really like and that impressions weren't made for the public.

However, my home was modern in structure although it was very plain and looked like a

box. It appeared that a house was never built by itself but was always joined to at least one other house with only a wall separating them.

A high fence either surrounded the houses, or they were enclosed by a wall. The yard was divided into small courtyards, and the maids' quarters were behind the house.

During orientation we were warned about the time element in Mexico. The pace is much slower than in the United States, but things get done anyway, somehow. We were told that if we were invited to an event at 8 p. m., we were expected to arrive at 9 o'clock. And when people arrived late, no apologies were made. Tardiness was accepted as a regular occurrence. It was wonderful always being on time.

When I had to buy a new dress for a big dance, my mother and I agreed to go downtown at four o'clock on Friday. So when four o'clock Friday arrived, I was ready to go, but my mother was sound asleep taking a siesta. When she awoke she didn't apologize but simply said we would go the next morning.

I got used to never knowing what was going on. Not only did I miss out on explanations because of the language difficulty, but many times I wasn't even told what was planned. Often my parents didn't know either, because we did things without planning or preparation.

There was only one bullfight in Queretaro during our homestay, and the world-famous El Cordobes was fighting! And I didn't know whether we were going or not! Since the bullfights started at eight o'clock, and they did start on time, I was sure I wasn't going when we didn't leave by 7:50. Just

as I was writing a letter telling my parents how disappointed I was, my mother told me to put on a sweater as it would be cool at the bullfight! We tore through the streets racing against time while I sat too stunned to be amazed.

The Mexican people are always relaxed and just take things as they come. They never worry about a trivial thing like time; in fact, I wonder if they worry at all. In this respect, I believe we have much to learn from the Mexican people.

Approximately an hour was spent at each meal in our house, and from two to four each afternoon we rested. Stores were open all day in Mexico City, but where I lived they closed from two to four. My father went to work at nine, came home at two for dinner, and went back to work from four until eight. Although the hours differ, the working day is as long as that in the United States.

The type of food and hours of eating vary from family to family. Breakfast is eaten at all hours — whenever each person gets up. Dinner, a large meal, was always eaten at two in my home. Then a light evening meal was eaten about nine. My family didn't care for very spicy food; therefore, it resembled North American food in many ways.

For example, we often ate beef that was sliced very thin and then fried. Some families occasionally ate black worms and animal entrails, but no matter what the difference of people's personal tastes, everyone ate tortillas!

Experimenters were cautioned against the water and milk, but these were purified

Faculty Briefs

Miss Laura Frances Jackson, English instructor, has resumed her teaching duties after being a patient in St. Francis Hospital the first week of school.

Miss Jackson was hospitalized for treatment of an ankle injury.

John Dougherty, a member of the foreign language faculty, has been hospitalized the past two weeks following an emergency appendectomy. He is much improved this week.

George Barratt, NWMSC mathematics instructor, was among the speakers at the Regional Mathematics Conference held Sept. 23-24 at Southwest Missouri State College, Springfield.

Mr. Barratt spoke at one of the sessions devoted to junior high school mathematics. He discussed "Finite Groups for the Junior High."

The Stroller notes that there are three students on campus from Vermont, the "granite Center of the World." Would you believe one's last name is Rock and another's Stone?

Mrs. Coletta Hamilton, house-mother at Franken Hall, has a new type of mouse killer — a fly swatter! Apparently the mouse on seventh floor of the hall likes to chew on detergent boxes.

Does the push-up champion of NWMSC live on the north side of Cooper Hall? He was noticed rigorously working out Wednesday evening in his room.

The girls in the new hall are still not unpacked, not be-

Jennifer Yates Heads Roberta Hall Council

Roberta Hall Dormitory Council elections were held Wednesday, with Jennifer Yates elected president and Patricia Chappel vice-president.

Miss Yates, a member of Alpha Sigma Alpha sorority, and Miss Chappel, a member of Sigma Sigma Sigma sorority, are juniors. To be eligible for those offices, a girl must have a 2.30 grade point, and must have been a previous member of a Residence Hall Council.

According to Mrs. Wire, Roberta Hall housemother, this election produced a higher percentage of voters than any other election in the past. In this election, 180 of the 202 girls living in Roberta Hall voted.

cause they're too slow or too busy. There is just no place to put clothes without closets or dressers.

Many new students have been heard to comment on the hearses seen on campus. It seems to be shocking to see live bodies in them.

The Stroller hopes Susie Suitcase and Sammy Samsonite have a nice weekend, but it would be more desirable to see them on campus.

Della Psi to Meet

The first organizational meeting of Delta Psi Kappa, honorary women's physical education organization, will be held Monday.

Officers include Pat Noah, president; Mrs. Betty Baker, vice - president; Gano Whetstone, secretary-treasurer, and Kathy Seifert, chaplain.

Students eligible for membership will be guests.

Dr. Harr to Talk At Stevens College

Dr. John L. Harr, head of the Social Science Department was recently guest speaker at a conference of librarians at Stevens College, Columbia, on the subject "The Librarian and Controversial Issues."

Among the topics he discussed are the responsibilities of a librarian. There are many cases of librarians being subjected to monumental pressure from irate citizens' groups, left and right wing political groups, as well as various religious organizations, Dr. Harr pointed out.

Ambassador

(Continued from Page 5)

in my home. Bottled beverages were always safe to drink, and we had no trouble obtaining them since the Coke industry is one of the largest in Mexico. On the rickiest shack in the most remote village, a Coca-Cola sign was seen!

As an experimenter, I learned to accept the customs, character, and differences of Mexico and its people by their own standards instead of comparing them to conditions in the United States. I didn't realize how much we had learned through the Experiment until we encountered North American tourists. They disgusted us more than all the poverty and filth of Mexico. They came to Mexico not knowing a word of the language and making no effort to learn.

One experimenter reported that she heard a woman exclaim, "I'm so tired of these people not being able to understand a word of English!"

If she wanted all the modern conveniences and comforts of home, she should have stayed there. Tourists like her are those who give people impressions about the United States. Maybe they're not the wrong impressions, but they're certainly not good ones.

It's difficult to summarize two months in Mexico during which I saw so many varied things and discovered innumerable different customs and habits. Mexico is truly a land of many contrasts, and each is just as important to Mexico's character as the next. The mountains, the arid land, the shores, the wealth, the poverty, the antiquity, and the modernness — these are only a few of the traits that are Mexico, each adding its own charm, hindrance, or usefulness to make Mexico what it is.

I know I have gained much from my experiment in international living because I have made friends and have given just a little to receive a lot in the way of knowing Mexico and its people. And I hope that by my Experiment I helped contribute to the ultimate goal of the Experiment — international understanding and peace. Your Community Ambassador, —Mary Potter

AKL Chapter Gets National Awards

Fraternity Honored

Don Brader, vice-president, and Gary McCollough, president, admire the plaques their chapter won at the national Alpha Kappa Lambda conclave.

Two national awards were presented to the Alpha Zeta Chapter of Alpha Kappa Lambda fraternity.

Tower Choir to Give Concerts in Colorado

Tentative plans have been set for the second annual Tower Choir trip to Denver, Colo.

Oct. 26 has been set as the departure date for the 45-member organization, directed by Byron Mitchell.

While in Denver, the group will perform for meetings of the Colorado State Teachers' Association and at the banquet for alumni of Northwest Missouri State College. The repertoire will be slanted toward light, entertaining selections.

Members making the three-day trip were chosen by auditions held during the summer and the first of the fall semester.

'Hare & Hound' Rallye To Be Next Sunday

The Nodaway Valley Sports Car Club will hold a special meeting at 7:30 p. m. Monday at the Nodaway County Courthouse to discuss the "Hare & Hound" Rallye, according to John Schlesselman, secretary.

The Rallye, which will commence from Green Hills parking lot south of Maryville, will

be at the national conclave, according to Gary McCollough, chapter president.

Plaques for top chapter of Alpha Kappa Lambda in chapter improvement and the National Executive Council award for recognition of its outstanding record of accomplishment in 1965-66 were presented to the organization in the meeting held in Chicago Sept. 1-4.

"Record of accomplishments plaques are awarded annually to three of the 36 chapters of the fraternity, and the local chapter has captured one plaque all three years it has been on campus," McCollough stated.

Paul Newman Stars In Den Movie 'Hud'

Paul Newman stars as "Hud" in tonight's Den Movie at 7:30 o'clock in the Administration Building auditorium.

Newman is the hard-driving, Hud whose life is a revolt against the principles of his father, (Melvyn Douglas) a man of strong character and gentleness.

Young Lon (Brandon de Wilde), Hud's nephew, is torn between love for both. Patricia Neal is the wordly-wise housekeeper, old enough to be disillusioned but young enough to be desirable.

"Hell is for Heroes" will be shown Oct. 14, and "Mail Order Bride" will be shown Oct. 21.

Condon's Corner Drug

Homecoming Committee Sets Rules for Queen Contest

Candidates

- Any group participating with a float in the parade is eligible to sponsor one or more candidates. The entry fee of \$5.00 per candidate will be charged.
- A candidate must have a 2.00 overall grade point average and a 2.00 grade point average the semester previous.
- All candidates must be registered at the Registrar's office by 4 p.m. on Oct. 14, 1966.
- A candidate must have 28 academic hours.
- Finalists will be announced Wednesday evening, Nov. 2, 1966, after the final judging.

Selection of the queen

- Five finalists for the queen election will be selected by an off-campus judge or judges.
- The queen will be elected by a student body vote.

Campaigning

- Campaigning will begin Thursday, Nov. 3, 1966, at 8 p.m.
- There will be no littering or defacing of the campus.
- Each finalist may have one picture (black and white only) no larger than 5 x 7 to be placed at the entrance hall of Colden Hall.
- Each finalist may have two outdoor signs, not to exceed 50 square feet, to be placed in front of Colden Hall and the Administration Building.
- Walking signs may not be more than three feet wide.
- There will be no public address systems allowed.
- There will be no campaigning in the dormitories.
- No food may be passed out.
- There will be no campaigning in the upper Union Building except by word of mouth.
- There will be no campaigning in the polling place.
- No lapel cards will be allowed.

Meeting concerning campaign

- The campaign managers will meet on Wednesday, Nov. 2, 1966, after the final judging in the auditorium of the Administration Building. This will be for the purpose of selecting positions of signs and examining the campaign rules. Failure of a candidate's campaign manager to attend this meeting will result in the automatic disqualification of the candidate.
- The Senate will meet at 4 p.m. Thursday, Nov. 2, 1966, in Colden Hall Student Lounge to review any possible discrepancies in the election.

Voting

- Voting will take place in the Student Lounge of Colden Hall between the hours of 8 a.m. and 4 p.m. on Thursday, Nov. 3, 1966.
- Any violation of the rules and procedures set up for this campaign and election by the Student Senate will result in the automatic disqualification of the candidate involved.

Placement Service Offered to Students

Any senior interested in the student placement program is urged to report to the Field Service Office as soon as possible, according to Everett Brown.

The senior must complete certain forms and have five character references, three from his college teachers.

Personal interviews with school or industrial representatives will start in November. These meetings satisfy the personal interview required by many companies. A complete record of all jobs is available to students who desire one.

Through the NWMSC placement office last year, 550 graduates and people already in the teaching field obtained posts in 30 different states. Eighty-nine vacancies in other fields and 30 positions in the armed services were also filled.

The overall average salary each of these graduates earned was \$5,192.

LOST ARTICLES FOUND

Lost articles may be found and reclaimed in Room 113, Colden Hall, according to Franklin Dowden, custodian.

If anyone has lost an article, he should see one of the Colden Hall custodians.

Dissent Is Useful, However . . .

Dissent . . .

This word brings many thoughts to the minds of college students. They may visualize a bearded protester chanting freedom songs as he burns his draft card.

Students who stop to consider the past, may point to the early Christians or the founders of our nation. "Weren't they considered very radical in their day?" they may ask.

True. But one thing stands out about them. They had a realistic purpose and a workable plan in which to believe. They were not dissenting for the sake of dissenting. That is why they succeeded instead of falling by the way-side with thousands of other rebels throughout time.

If a person sees something amiss with our college or society, we hope he will not be condemned for speaking out—providing he has all the facts straight and an intelligent solution in mind.

But, if he is dissenting just to see how much noise he can make, he has no right to an audience.

Knowledge of Regulations: A MUST for All Students

The highest disciplinary court on campus is the Student Faculty Discipline Committee.

This committee, composed of eight faculty members, a faculty chairman selected by Dr. Robert P. Foster, president of NWMSC, the president and vice-president of the Student Senate, and two students selected from the Senate by its president, handles the more serious disciplinary cases—especially those cases that could lead to dismissal.

The procedure for a case before the committee is as follows: the exact charge is read aloud to the student; the student is allowed to answer the charge and present a defense; the committee may then question the student; the committee deliberates and weighs the evidence and presents its recommendation.

The committee can only recommend dismissal of a student. The final decision is President Foster's. The President may veto the recommendation if he feels the case warrants it.

A student convicted by the Student Faculty Discipline Committee may make an appeal to the President. This appeal must be written.

In other words, the right of "due process" is followed on the campus. A student accused of a rule violation has the right to: 1) hear the charge; 2) present a defense; and, if convicted, 3) appeal his case to a higher court.

Under consideration, by recommendation of the SFDC, is a plan to set up additional lower student courts where a student charged with a violation may be judged by his peers.

Among the lower courts on campus are the residence hall councils, the traffic court, and Associated Women Students.

The counselors in the residence halls act as instructors in orientating the freshman and advising them of the policies. A thorough knowledge of the rules and regulations is a "must" for the Northwest Missouri State College student, for ignorance of a rule is not accepted as a valid excuse for breaking it.

Aside from the counselors, the school catalog and handbook carry a list of the regulations to be followed on campus. Violations such as yelling out of the residence hall windows, walking on the grass, and messy rooms are usually dealt with by the counselors.

The more serious violations such as theft, cheating, or bringing liquor on campus, are considered in the higher courts.

Jazz Group to Perform For Denver Teachers

The Progressive Jazz Group, directed by Jerry Troxell, has resumed its season with try-outs for the band and for the Undergrads, featured singing group of the organization. Rehearsals are under way for

the groups, who have been tentatively scheduled to perform for the NWMSC Alumni Association meeting in Denver, Colo., Oct. 26-29. The Jazz group and the Undergrads will provide music for the alumni dance.

Shirley Lager Receives Home Economics Award

Shirley Lager, a senior majoring in vocational home economics, was recently chosen as the recipient of a certificate of award by St. Joseph Professional Home Economists.

She received \$25 as the senior college student they are sponsoring this year.

Senate Holds Extra Session

A special student senate meeting was called last week to discuss sending delegates to a student governing association meeting in the Ozarks, according to Nshan "Nick" Erganian, student president.

Also at the meeting, Pat Noah, cheerleader, presented ideas for electing freshman cheerleaders. It was decided that four freshmen would be elected by representatives from each campus organization.

Miss Noah also suggested that the cheerleaders buy a trophy and present it to the campus organization that shows the most school spirit through the football and basketball seasons. The cheerleaders would honor a new organization each season. To encourage school spirit and increase attendance for Homecoming, it was decided that senate funds be used to give a tea for alumni who returned and for parents of the football players.

Another point discussed was the planning of a "night on the town" where stores would stay open to give the merchants a chance to meet students from the campus.

Work was begun this week to revise the school constitution. Erganian said that this would be done to increase the number of student senators and to clarify the constitution.

Naval Reserve Reopens Plan for Officers

reserve officer candidate (O. C.) program for certain students is being reopened by the U. S. Naval Reserve. Commander H. D. Knosp, commanding officer of the Naval Reserve Training Center, St. Joseph, Mo., said Thursday that qualified young men can now apply for the limited number of openings.

College freshmen with less than 30 hours of credit and high school seniors who plan to complete college can apply for the ROC III program in the Naval Reserve, the commander

added that this program has been closed to new applicants for some time. It is being reopened on a limited basis for a specified length of time. Though no applicant will be admitted into the program before January, persons interested should apply as soon as possible.

Any application is desired that the young men can complete their physical and classification examination prior to enlistment. Those who qualify for ROC III will be admitted after completing 30

HELP WANTED

Part-time work available for MSC students. Anyone who has had experience in a printing office or job shop, running press, setting newspaper ads, operating TTS perforators or units, proofreading, etc., should apply for part-time work tailored to fit your schedule, to B. J. Alcott, Daily Forum, in person.

hours of college, for advancement to ROC II. Those who fail to qualify for ROC II will be permitted to remain in school until they graduate, providing they successfully complete their courses in four calendar years.

More complete details can be obtained either in St. Joseph or in Maryville. In Maryville, LCDR William S. Emerson, USNR, who is a full-time student at NWMSC, should be contacted. In St. Joseph, the information can be obtained from CPO Dave Harris USNR, at the Naval Reserve Training Center, 803 South 13th Street.

On Oct. 11 and 18, both LCDR Emerson and CPO Harris will be available in the NWMSC Student Union between the hours of 8 a.m. and 2 p.m. for personal contact and any other information that interested men may desire.

Height, Talent Add Depth To '66 Basketball Squad

By Carl Voss

If four towering freshmen live up to their past records as high school cagers, Coach Dick Buckridge's 1966 edition of the Northwest Missouri State College basketball team could have the tallest line-up of players here in many years.

Buckridge is anticipating good showings by 6-7 Ralph Gifford from Boonville; 6-6 Ron Peterson from Ida Grove, Iowa; 6-5 Mike Pollard of Normandy High School, St. Louis, and 6-3½ Don Sears from Roosevelt High School, Des Moines.

Gifford, weighing 210 pounds, averaged 14.4 points and 11.7 rebounds per game his senior year when his team placed third in the Missouri Class M tournament. Pollard carried a 14-point scoring average and was an All-District selection.

Sears was a starter on the 1965 Roosevelt team which won the Iowa state basketball tournament. The "Raiders" lost only two games in two years when he was an All-City forward.

The Omaha World Herald rated Petersen as "the best college prospect in Southwest Iowa." Weighing 200 pounds, he was selected All-Southwest and Northwest Iowa, and averaged 25 points per game last year.

Gary Howren, 6-1; Leroy Kariker, 6-4, and Gary Goodson, 5-10, complete the list of freshmen recruited by the MSC taskmasters.

Top transfer students for the 'Cats will be Curt Lantz, 6-1 sophomore and Bob Nelson, 6-1 junior. Lantz is a transfer from Iowa State University, where he regularly started on the freshman team, and Nelson comes to Maryville from Florida State.

Fall Semester Officers Elected by Tekes

Tau Kappa Epsilon men have elected officers for the fall semester.

Those elected include Ron Howitt, president; Robert Foster, vice-president; Woodrow Southard, secretary; Elmer Brown, treasurer; Marshall Dann, historian; Don Kelling, chaplain; Alan Peterson, social chairman, and Bill Andrews, pledge trainer.

Coach Is Looking Up

Dick Buckridge, 5-10 Northwest Missouri State College head basketball coach, is pleased because he will have to look up to his freshman recruits Don Sears, Mike Pollard, Ron Petersen, and Ralph Gifford this season.

* * *

Another prospect for this season is 5-10 Mike Nieves from Fort Buchanan, Puerto Rico. Nieves, who averaged 35 points per game, was persuaded to enroll at MSC by Puerto Rican alumni of the college.

The coach and his assistant, Bob Igelhart, have high expectations set on junior-college-transfer Al Van Dyke. Van Dyke, a 6-4 senior, was the leading scorer through two games last year, but was forced to sit out the remainder of the season when he suffered a knee injury in the second contest.

Sophomore Ken Sheridan is returning to the court this year after three years in the service. He was a starter and has averaged nearly 20 points per game.

Letter winners returning to the squad include Mike Simon, 6-5 senior; Ron Howitt, 6-4 junior; Roger Nelson, 6-1 sophomore, and Bob Tonnies, 6-3 senior.

A big loss for the cagers is 6-3 sophomore Jim Vollmuth.

Coach Buckridge hopes that lack of experience will be outweighed by the speed and height of the team. "These four newcomers (Petersen, Gifford, Pollard, and Sears) are all above average in speed, which is one thing we're going to better this year," he added.

The first game for the 'Cats will be Dec. 1 against Southern California College.

Potent Ft. Hays to Challenge Bearcats in Band Day Game

MSC's defensive unit will again be tested by a potent offense this Saturday, as the Bearcats host the Ft. Hays Tigers at 8 p. m.

Last week, the 'Cats' defense held William Jewell's high-flying single wing attack to two touchdowns, but the offense could only muster one six-pointer, that coming on Jim Blankenship's four-yard end sweep.

Lonnie Hagan with 11 tackles and five assists again spearheaded Maryville's defense. He was backed by middle guard Bob Leach and tackle Ed Wisowski who were credited with seven tackles and three assists each.

Ft. Hays routed Colorado State, 34-0, last Saturday with a brilliant rushing and passing attack. The Kansans rushed for 226 yards and completed five of eight passes for 104 yards.

Bob Johnson figured in on

two of Ft. Hays' scores as he ran 9 yards for one TD and hit Tommy Stevens with a 24-yard aerial for the other score.

Scoring in each period, Rich Dreiling, Jim Jones, and Burnett Davis accounted for the other three Tiger tallies.

Ft. Hays also proved rough on defense allowing Colorado State to 28 yards on the ground and 28 through the airways. Out of 23 veteran lettermen, Coach Wayne J. McConnell has seven starters returning to the defensive platoon.

Last season, Ft. Hays posted a 7-3 record. Johnson was chosen an all-American quarterback in '65 as he picked up 810 yards rushing and 568 passing.

The Bearcats did not face Ft. Hays last year. The game Saturday, which is also the first annual Band Day on campus, is the 14th between the two clubs. Ft. Hays leads in the series with an 8-5-1 record.

Coach Schottel Names Hagan, Blankenship as Game Stars

For the second week in a row, Coach Ivan Schottel named seniors Jim Blankenship and Lonnie Hagan as the outstanding offensive and defensive players for their performances in the William Jewell game.

Blankenship, a 6 ft. 194 pounder from Grandview, led the Bearcats' offensive punch. Last year Blankenship ranked third in the MIAA rushing department. This year he has carried the ball 36 times averaging 5.7 yards a trip.

Lonnie Hagan, a 6 ft. 210 pound linebacker from St. Joseph, was again a stalwart on the rugged Bearcat defensive team. Last year Hagan led the team with 43 tackles and 30 assists. This year he has 19 tackles and 10 assists to his credit, again leading the team.

Coach Schottel believes the Bearcats' defensive efforts as a whole were good, but says the offense is going to have to move the ball better as the schedule of opposing teams grows tougher.

Coach Milner Starts Team On Long Runs

Cross country coach Ryland Milner greeted the largest squad of runners he has ever coached when practice opened last week.

Three lettermen and twelve non-lettermen reported to Milner. Forming the group of letter winners were Ken Kavanaugh, Danny Reed, and Roger Stucki.

Also beginning practices were Steve Bonawitz, Dennis Burton, Lewis Garrett, Pete Hager, David Hays, Normal Howlett, Jim Kemp, Bill Rowland, Tom Sterett, Pete Meindertsma, Leonard Phipps, and Richard Swaney.

Practice sessions began with 3½ mile gallops, and the participants have been running six and one-half miles daily in recent practices. The squad first completed Wednesday with Creston, Iowa, a junior college team.

'Teachers' Want Student Drivers

Wanted: Students who would like to learn to drive.

Instructor Robert Gregory has announced that the driver training classes of Northwest Missouri State are in need of people who wish to be taught the basic fundamentals of driving. There will be no cost to the trainee, except to buy a beginner's permit. The car will be furnished by the department.

Anyone interested in learning to drive during his free time is asked to contact Mr. Gregory, who will see that an instructor is assigned to the driver.

★★ SPORTLITES ★★

With Kerry Slagle

This is a sports column. (Would you believe a nice try?).

Therefore, abiding by good journalistic practice, I would like to set down a column policy which I shall endeavor to carry out.

(1) I shall never re-print this policy. Any reprint or reuse of this policy by myself without the written consent of myself will be prohibited.

(2) I will not use unnecessary modifiers such as "very" very much. If I do use "very" very often, I will attempt to vary its use with a very high degree of caution. Example: "Verily, verily I say unto you."

(3) I will never use highly technical terms concerning said subject of said column. I feel by using my own intelligence as the norm of my readers that they should understand what a double phlange twist is in tidilywinks and what a leaner is in penny pitching.

(4) I will try to keep all copy concise, allowing all students ample time to mix reading with their 12-hour bridge game in

the den.

(5) I will try to inform my readers of the latest happenings in the world of sports. I plan to keep them abreast of such annual events as the Greenland Surfboard Championships, the Vietnamese Water Buffalo Show, the Ipley Switch Ice Capades, and the Iowa State Hog - Calling Championships.

(6) I will never endorse payola or put in plugs for certain firms that sell ointments for the prevention and cure of athlete's feet, bubonic plague, or beri-beri.

(7) Lastly, I will accept all types of criticism from readers or fellow staff members. I would appreciate it, if all criticisms are mailed letters instead of notes attached to bricks. If you do mail said criticisms, use plain white stationery (unperfumed variety) and use an envelope no larger than 2" x 4" because I have a small mailbox. My mailing address is: Slagle's Home for Insane Sportswriters, Northwest Missouriian Office, Maryville, Missouri.
